SUBJECT: University of Florida Educational Plant Survey Validation

PROPOSED BOARD ACTION

Review and validate the completed University of Florida Educational Plant Survey.

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Sections 1013.03 and 1013.31, Florida Statutes

BACKGROUND INFORMATION

An Educational Plant Survey (EPS) is required at least once every five (5) years for all public educational entities, including state universities. At the request of the University of Florida (UF), Board staff facilitated and coordinated the Survey Team and participated with university staff on the EPS to ensure that all the requirements of section 1013.31, Florida Statutes, were satisfied. In addition to UF and Board staff, the team included staff from Florida Agricultural and Mechanical University, Florida Gulf Coast University, and University of Central Florida. The Survey Team Recommendation is included as an attachment. The completed EPS Report was approved by the University of Florida Board of Trustees on June 6, 2019, and the agenda item is included.

The EPS covers the period July 1, 2019, through June 30, 2024, and is UF's first EPS completed using the Dynamic Capital Planning (DCP) model.

STATE UNIVERSITY SYSTEM of FLORIDA

Board of Governors

EDUCATIONAL PLANT SURVEY OVERVIEW

In Florida, all public school districts, colleges and state universities are required to conduct an Educational Plant Survey (EPS) at least once every 5 years using “uniform data sources and criteria” (Section 1013.31, Florida Statutes). An EPS is a systematic and comprehensive study of each institution’s sites, buildings, and the site improvements required to operate the facilities. This includes a review of both the 1) existing educational and ancillary facilities and 2) anticipated future needs for repair, expansion and/or demolition. The EPS is a safeguard mechanism to ensure that PECO dollars, and the assets constructed with PECO dollars are being directed appropriately towards needed educational buildings.

The EPS is undertaken collaboratively by the EPS Survey Team, which consists of staff of the university being surveyed; Board of Governors’ staff; and staff from other universities. The final EPS Report must be approved by both the local Board of Trustees as well as the Board of Governors. The EPS is one of 3 long-range planning documents – the EPS, the Campus Master Plan and the 5 Year Capital Improvement Plan.

Required EPS Elements

- Summary of BOT/BOG approval
- Recommendations for Existing facilities
- Recommendation for New facilities
- Projected Capital Outlay full-time equivalent student enrollment
- Inventory of existing sites and facilities

The procedures to be used in conducting each EPS are specified by the Chancellor’s Office, in the EPS User’s Manual at <https://prod.flbog.net:4445/pls/apex/f?p=1265:101>. The current approved surveys for all SUS institutions may be found at <http://flbog.edu/board/office/fac/index.php>.

FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Pursuant to section 1013.31, Florida Statutes, Board facilities staff use this data as a key factor in the calculation of facility space needs for university educational plant surveys.

FTE is based on the standard national definition, which divides undergraduate credit hours by 30 and graduate credit hours by 24. Distance Learning is a course in which at least 80 percent of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time or space, or both (per 1009.24(17), F.S.). Classroom/Traditional, is a course in which less than 50% of the direct instruction of the course is delivered using some form of technology when the student and instructor are separated by time, space or both. This designation can include activities that do not occur in a classroom (ie, labs, internships, practica, clinicals, labs, etc) – see SUDS data element #2052. *Percentages may not total 100 due to rounding.

MEMORANDUM

TO: Dr. W. Kent Fuchs
University of Florida

FROM: Chris Kinsley, Assistant Vice Chancellor
Finance and Facilities 

SUBJECT: Requirements for UF Educational Plant Survey

This is to advise you that in accordance with s. 1013.31(1), Florida Statutes, an Educational Plant Survey is required to be conducted at the University of Florida for the upcoming fiscal year, 2018 - 2019. This section requires each survey to be conducted by the Board of Trustees or an agency employed by the Board of Trustees. If you request our assistance for the upcoming survey, expenses incurred for travel and accommodations by the survey team will be paid by the Board of Governors.

The purpose of the Educational Plant Survey is to recommend capital projects that may be proposed by our Board for the next five (5) years based on an evaluation of comprehensive facility needs. Attached is an "Overview of the Educational Plant Survey Process" for use by the university. The Overview describes suggested roles of university staff and other team members, and is the recommended approach to achieving survey validation, customized to meet the unique situation of each university.

The Survey consists of two components: Validation and Needs Assessment. The university has the option of conducting the entire survey at once, or in two parts. We will work with your space coordinator, Ashley Grassano at UF to determine what option will be most effective.

Please contact Ken Ogletree in the Board of Governors office so that he may coordinate the scheduling necessary for UF to complete the survey process within the fiscal year. Mr. Ogletree can be reached at (850) 245-9254 or via email at Kenneth.Ogletree@flbog.edu.

ACTION ITEM BT3

July 26, 2021

SUBJECT: Educational Plant Survey Amendment

BACKGROUND INFORMATION

1. An Educational Plant Survey (EPS) is required once every five (5) years for all public educational entities, including state universities. At the request of the University of Florida (UF), Board staff facilitated and coordinated the Survey Team and participated with university staff on the EPS to ensure that all the requirements of section 1013.31, Florida Statutes, were satisfied. In addition to UF and Board staff, the team included staff from University of West Florida, University of Central Florida, University of North Florida, Florida Agricultural and Mechanical University, and Florida Gulf Coast University. The Survey Team Recommendation is included as an attachment. The EPS covers the period July 1, 2019 through June 30, 2024 and is UF's first EPS completed using the Dynamic Capital Planning (DCP) model.
2. Due to priority changes, the University of Florida has requested a Supplemental Educational Plant Survey, which adds additional projects to the Recommendations of the Survey Team and, consequently eligible for inclusion on the CIP list. Two of these projects are renovations, and one adds new space to UF's space inventory. The Supplemental Survey was conducted on July 20, 2021.

PROPOSED ACTION

Review and approve the completed University of Florida Supplemental Educational Plant Survey.

ADDITIONAL CONSIDERATIONS

Article IX, Section 7, Florida Constitution; Sections 1013.03 and 1013.31, Florida Statutes.

Supporting Documentation Included: [Summary of Supplemental Survey Team Recommendations](#), and the [Board of Governors Supplemental Educational Plant Survey Packet](#).
